AQUALABO : Our Products

PONSEL Range

Portable devices and transmitters

Physico-chemistry sensors

Multiparameter UV254 sensor for COD, BOD & TOC measurement

PONSEL Range – Supratec

Physico-chemistry transmitter

Low range turbidity
online measurement

ORCHIDIS Laboratory range

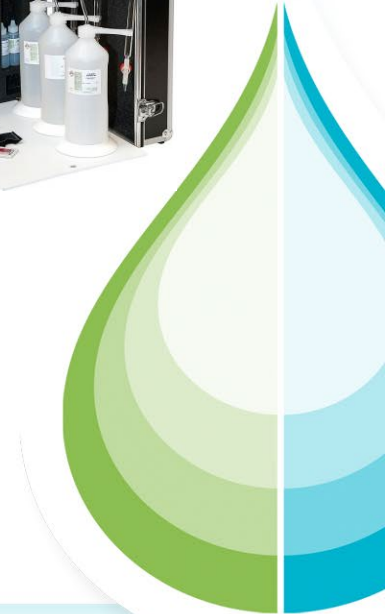

Liquid reagents, pills

Cases and field laboratories

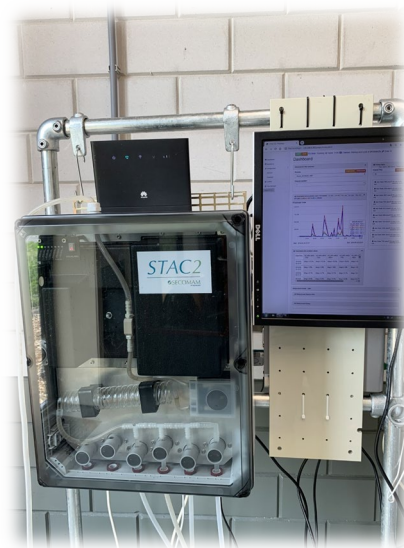

Field Photometers

SECOMAM Range

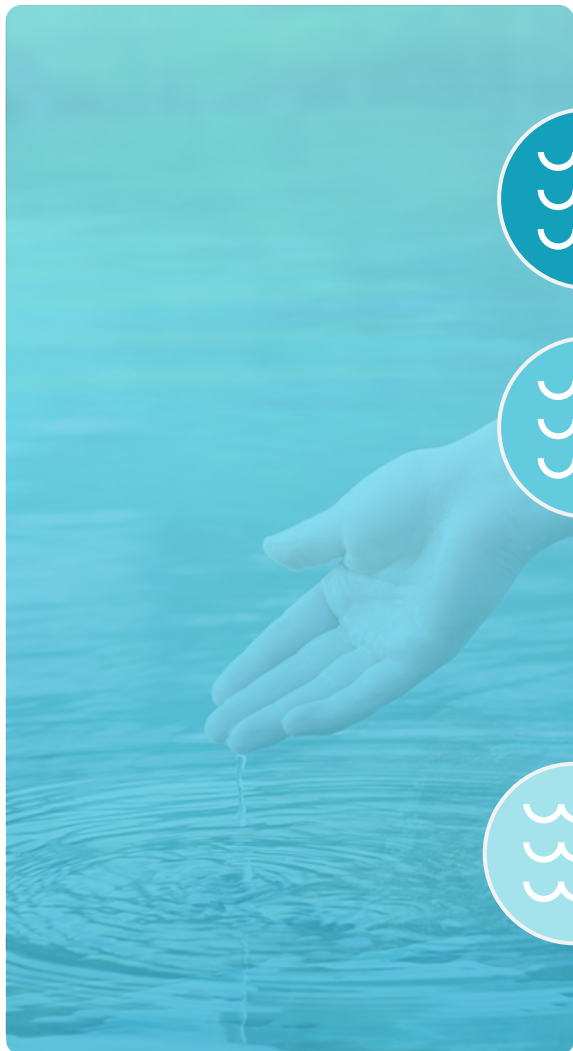

Spectrophotometers

Online UV-VIS alert analyzer for water chemical quality, COD, BOD, TOC, TSS and Nitrates

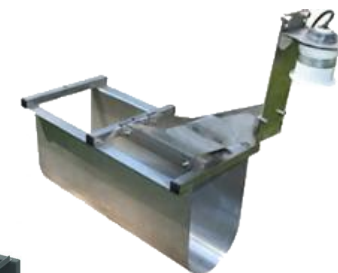

AQUALYSE range

Stationary and portable samplers

Open channels, flowmeters

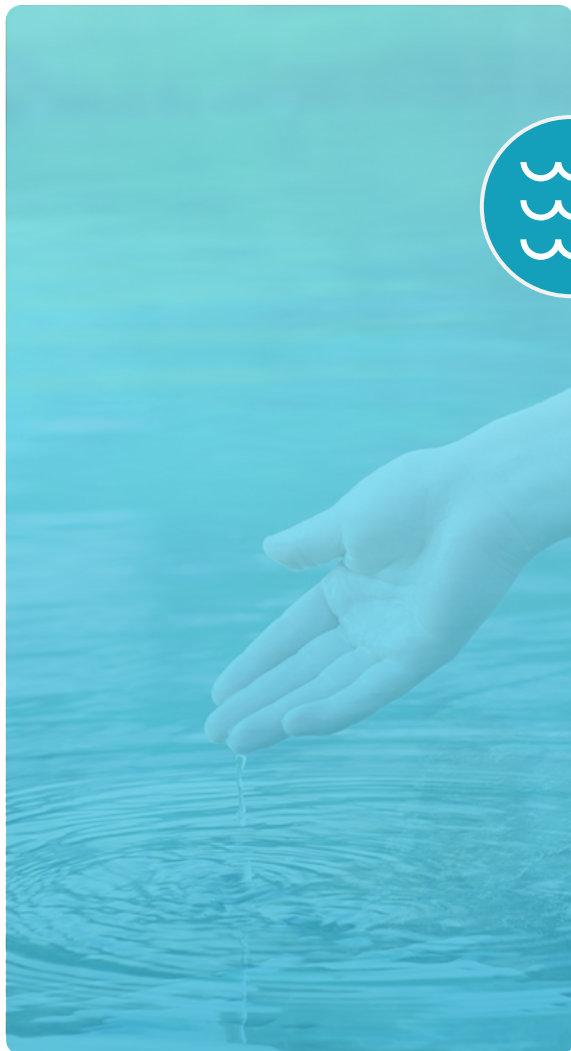

Piezometric probes

microLAN range

Online bacteria and water toxicity analyzers

Rental Service

Quick and easy solutions for water quality analysis in the field

PHYSICAL CHEMISTRY

Local or Communicating version

*Portable device
ODEON*

*Wireless real Time
Communication Solution*

*COD, BOD, COT, NO₃ Analyzer
(without reagents)*

Digital sensors

*UV Online Analyzer for COD
BOD TOC TSS NO₃*

*Online monitor of total and specific
bacteria activity (E.coli and coliform)*

Spectrophotometers
